SUMMARY

Frontend Engineer with proven expertise in building modern, responsive, and user-friendly web applications. Experienced in developing solutions with **Angular, React.js, Next.js, TypeScript, and JavaScript**, and skilled in crafting accessible interfaces that meet global standards. Adept at transforming complex requirements into clean, efficient code while ensuring performance, scalability, and seamless user experiences. Strong collaborator with a track record of driving projects from concept to launch, optimizing workflows, and contributing to both technical excellence and business success.

SKILLS

- **Frontend Development:** HTML5, CSS3/SCSS, JavaScript (ES6+), TypeScript, jQuery
 - **Frameworks & Libraries:** Angular, React.js, Next.js, Redux
 - **UI Frameworks:** Bootstrap, Tailwind CSS, Material UI, Ant Design, Polaris, Reactstrap
 - **Web Practices:** Responsive Design, Cross-Browser Compatibility, SEO Best Practices, WCAG Accessibility Standards
 - **Version Control & Collaboration:** Git (GitHub, GitLab), Agile/Scrum, Jira, Trello
 - **E-commerce & Platforms:** Shopify (Liquid, Polaris, Embedded Apps), Web 3.0 Applications, Decentralized Apps
 - **Tools & Utilities:** VS Code, Figma (UI/UX Collaboration), REST APIs, Postman, npm/yarn, Webpack, ESLint
 - **Soft Skills:** Problem-Solving, Communication, Team Collaboration, Leadership, Adaptability, Attention to Detail
-

PROFESSIONAL EXPERIENCE

Frontend Engineer | [CureMD](#)

09/2024 - CURRENT

- Led UI development for CureMD's 11x and 10G products using Angular and TypeScript.
- Built responsive, scalable, and accessible frontends with the CureMD Design System Library.
- Ensured compliance with WCAG standards, improving usability for diverse users.
- Collaborated with backend engineers and UX/UI designers for seamless integration.
- Optimized performance through code reviews, best practices, and modern tooling.
- Mentored team members via knowledge-sharing on frontend development practices.

Frontend Engineer | [InvoZone](#)

09/2022 - 08/2024

- Developed high-performance web apps with React.js, Next.js, and TypeScript.
- Designed Web 3.0 applications leveraging blockchain and decentralized solutions.
- Integrated APIs and managed state synchronization with Redux.
- Customized Shopify themes using Liquid and developed embedded apps with Remix and Polaris.
- Streamlined version control workflows with Git for team collaboration.

Associate Frontend Engineer | [InvoZone](#)

09/2021 - 08/2022

- Built modern, accessible UIs with HTML5, CSS3, and React.js.
- Translated UI/UX prototypes into responsive, interactive interfaces.
- Created reusable React components for scalability and performance.
- Implemented SASS/SCSS for maintainable, modular styling.
- Integrated frontend with backend systems to optimize workflows.

Associate Frontend Engineer | [INISCOL](#)

09/2020 - 08/2021

- Learned and applied HTML5 and CSS3 to develop basic web applications.
- Gained foundational knowledge of JavaScript for interactive features.
- Built responsive layouts to improve usability across devices.

EDUCATION

BSCS | University of Central Punjab, Lahore

2017-2021

FSC- PRE ENG | Punjab Group of Colleges, Faisalabad

2015-2027

MATRIC | The Scholars Model High School, Faisalabad

2013-2015

PROJECTS

- [AI Scribe](#) - Real-time clinical documentation tool for healthcare providers.
- [Glamhive](#) - E-commerce platform for personal styling services.
- [Mint Route](#) - Platform to manage products and gift card suppliers.
- [InvoProject](#) - Web-based project management system.
- [InvoChat](#) - Secure self-hosted chat and file-sharing application.

LANGUAGES

- **English** – IELTS Academic (Overall: 6.0 | Listening: 7.0, Writing: 5.5, Speaking: 6.0, Reading: 6.0)
- **Urdu** – Native

HONOR & AWARD

AI/ML Certification | [Huawei](#)

CURRENT

Pursuing advanced training in Artificial Intelligence and Machine Learning with a focus on **data-driven solutions, predictive modeling, and automation** to strengthen problem-solving and innovation in software development.

ChatGPT Prompt Engineering for Developers | [DeepLearning.ai](#)

2025

Certified in designing and optimizing prompts for **AI-powered applications**, gaining expertise in integrating Large Language Models into technical solutions.

JavaScript Certificate | [HackerRank](#)

2024

Earned certification in **JavaScript**, validating strong coding, problem-solving, and algorithmic skills through real-world coding challenges and assessments.

CSS Certificate | [HackerRank](#)

2024

Certified in **CSS**, demonstrating advanced knowledge in responsive design, styling frameworks, and modern web layout technique
